## WELDING M

- Provide the Pe  
welding tools a  
hold metal pie  
with both hand  
designed with  
work with diffe  
soldering, or in  
welding holder  
angles

- Metal Holder for Welding & Soldering – Arrow Angle Welding Magnets easily angle and hold your metal projects together before fusing the pieces together to allow hands free welding. These heavy duty powerful angle magnets stick solidly to any ferrous metal object and the bright red color will help you locate it easily. The arrow magnets can hold up to 50 lbs of weight
- Hands-Free Welding Accessories – The magnetic welding holders hold your metal pieces together at a variety of angles allowing you to work through without having to pause to move them.
- Build to Last – Constructed of high quality steel with a powder coated finish, these welders magnets are durable, long lasting, and resistant to rust and corrosion
- Wide Variety of Applications – Whether you are welding soldering, assembly, marking off, or installing pipes, these magnetic welding holders are convenient. These tools also come in handy as a floater or to be used with a crane
